**Website:** Remember to visit [www.deveaus.com](http://www.deveaus.com) and sign up for important updates. Please forward these to your families as appropriate. Thank you to the level reps for sending Kim Carpenter the information. Keep it coming! Feedback was discussed about going paperless. People are working through this and we need to continue to encourage people to use the website. The group would like a list of meets for each level vs. just having them within the calendar. Some questions were raised about where the scores are being placed. The emergency notification is separate on the website and does work! Joan mentioned that she needs to learn how to enter in emergency alerts on the website. This information will be passed along to Kim.
